During the long, hot, sultry Summer days, when the days are almost unbearable-Old Sol beating down fiercely, and no fairy breeze to waft us even one cool breath of air-

When mother's nerves are taxed to the utmost, her face looks drawn, those precious eyes are becoming a bit faded-

The children are fretful and sorely need a breath of God's good, pure, fresh country air-When the leaves and the grass of the woods are the greenest,

the flowers are the gaudiest-Then you and your family will appreciate the car most. A new light in mother's eyes, roses in the kiddies cheeks! It all comes true with a car, and a car is EASY TO OWN at this great

CASH or TERMS

and Factory Samples

Never before-possibly never again-will you be offered such values as are offered you in this great sale. The prices at which these cars will be sold represent losses, in some instances, of as much as \$1,000.00 on a car. This loss is your gain.

There are small but inexpensive cars, luxurious limousines, cars that are household words wherever automobiles are known, cars that are a monument to the art of the fine car builder.

There is a better car here than you ever expected to buy for less money than you expected to pay-and on easy terms!
